Installed Extensions

Appfolders Management extension (/extension/1217/appfolders-manager/)

by Maestroschan (/accounts/profile/Maestroschan)   ON OFF

An easy way to manage "appfolders" (folders in the applications view) directly from the applications view.

Clipboard Indicator (/extension/779/clipboard-indicator/) by Tudmotu (/accounts /profile/Tudmotu)   ON OFF

Clipboard Manager extension for Gnome-Shell – Adds a clipboard indicator to the top panel, and caches clipboard history.

Printers (/extension/1218/printers/) by linux-man (/accounts/profile/linux-man)

ON OFF

Manage Jobs and Printers

Quick Close in Overview (/extension/352/middle-click-to-close-in-overview/)

by p91paul (/accounts/profile/p91paul)   ON OFF

Close windows with a button click (the middle one by default) when in overview mode

---

Removable Drive Menu (/extension/7/removable-drive-menu/) by fmuellner (/accounts/profile/fmuellner)   ON OFF

A status menu for accessing and unmounting removable devices.

Show Desktop from Overview (/extension/496/show-desktop-from-overview/)

by Bazon (/accounts/profile/Bazon)   ON OFF

A Click on an empty space in the window overview shows the desktop. That means: It minimizes all windows on the current workspace.

Ubuntu AppIndicators (/extension/1301/ubuntu-appindicators/) by didrocks (/accounts/profile/didrocks)

ON OFF
